UPDATE ON DIRECT AND INDIRECT DENTAL RESTORATIVE MATERIALS

**Speaker:** John M. Powers Ph.D.

**Classroom Discussion Questions:**

1. Discuss CAD/CAM systems. Uses and advantages.
2. Discuss examples and use of: universal bonding agents, bulk fill resin composites, flowable composites.

**Classroom Activities for Additional Learning:**

1. Manipulation of materials used in indirect and direct dental restorative materials-lab.
2. Game of name the material: show package and have students identify the material and its use.
